

FOREST REDS

DECKING

NOVEMBER 2022

Why choose Pentarch Forestry™ Forest Reds Decking?

Our Forest Reds timber decking is known for its durability and unique colouring. From pale to dark reddish brown, through to deep chocolate browns, this is the perfect way to enhance any commercial or retail property.

- Our Forest Reds decking is a mix of Dura 2 red Australian hardwood species, giving it a colour comparable to the red clay deserts of the Australian outback.
- A hardwood timber deck provides a way to enhance any home, garden, commercial or retail property.
- A hardwood timber deck creates a comfortable, attractive and flexible feature.
- Forest Reds decking is suitable for use in BAL 19 areas under Australian Standard AS 3959.
- Australian hardwoods can easily be finished with a clear decking oil or stain. Alternatively, the timber can be left to weather. After timber has weathered it can be restored to its original colour by resanding and coating.
- Our Forest Reds decking is Responsible Wood Chain of Custody certified providing peace of mind that Pentarch Forestry's decking is sourced from sustainably managed and legal forestry.

Applications

Decking
• Decks
• Screens
• Fences
• Gates
• Seating

Standard Sizing

Decking

86 x 19mm, 130 x 19mm
